Fountain Valley School District
BUSINESS SERVICES DIVISION

M E M O R A N D U M
D/FS 15-16 – 109

TO: Chris Fullerton, Assistant Superintendent, Business Services
FROM: Scott R. Martin, Director, Fiscal Services
DATE: July 28, 2015
SUBJECT: MANDATE BLOCK GRANT

BACKGROUND

Senate Bill (SB) 1016 established a Mandate Block Grant program. School Districts may receive funding through the Mandate Block Grant or through the long-standing claims reimbursement process. However, the State has clearly encouraged districts to elect the Block Grant as funding for the previously traditional method of individual filing has all but been eliminated in the current year's State Budget. Additionally, over the past three years, districts have received Block Grant funds in a much timelier manner than those who chose to file individual claims.

The District has elected to participate in the Mandate Block Grant program in each of the last three years. Currently, \$220 million of funding has been included in the 2015-16 State Budget for the Mandated Block Grant. The Block Grant allocates \$28 per ADA of unrestricted funding for Elementary School Districts during the 2015-16 fiscal year. This equates to approximately \$173,000 for our District.

RECOMMENDATION

It is recommended that the Fountain Valley School District elect Block Grant funding effective for the 2015-16 fiscal year and authorize the Superintendent or his designee to sign all documents.

SUBJECT: **PUBLIC HEARING - CAPITAL FACILITIES FUND / DEVELOPER FEES**
DATE: July 29, 2015

BACKGROUND

Effective January 1, 1997, Senate Bill 1693 amended Government Code Sections 66001 and 66006 to impose more detailed reporting requirements for developer fees. SB 1693 amended Sections 66001(d) and 66006(b) to provide the following revised reporting requirement:

Section 66001(d)

“For the fifth fiscal year following the first deposit into the account or fund, and every five years thereafter, the local agency shall make all of the following findings with respect to that portion of the account or fund remaining unexpended, whether committed or uncommitted:”

1. Identify the purpose to which the fee is to be put.
2. Demonstrate a reasonable relationship between the fee and the purpose for which it is charged.
3. Identify all sources and amounts of funding anticipated to complete financing incomplete improvements identified in paragraph (2) of subdivision (a).

Section 66006 (b)(1)

“For each separate account or fund established pursuant to subdivision (a), the local agency shall, within 180 days after the last day of each fiscal year, make available to the public the following information for the fiscal year:”

- (1) A brief description of the type of fee in the account or fund.
- (2) The amount of the fee.
- (3) The beginning and ending balance of the account or fund.
- (4) The amount of the fees collected and the interest earned.

Government Code Section 66006 also requires the local agency to review this fund at a regularly scheduled public meeting.

Attached are worksheets summarizing the five year data as required under section 66001 (d) as well as fees collected, interest earned, and specific expenditures on projects during fiscal year 2014-15 as required under section 66006(b)(1).

RECOMMENDATION

Background

A firewall is a device that controls Internet traffic coming in and out of a computer network and is mandated by Federal law (CIPA). The District's current firewall has reached its end of life and needs replacement. Purchase of a new Cisco/Meraki firewall that has bandwidth control by application is much faster and provides better alerting and reporting services, is therefore recommended. These features are especially important due to proliferation of educational cloud-based applications such as SBAC, ST-Math, Accelerated Reader, Google Apps, Google Classroom, illuminate, Common Core Sites, Netflix, iOS apps and the need for more robust internet monitoring as we go live with parent, student and teacher portals at Cox, Tamura and Fulton.

Budget Impact

Currently budgeted. No additional funds required.

Recommendation

It is recommended that the Board of Trustees approves the attached Cisco/Meraki contract and authorize the Superintendent or designee to sign all documents.

TERMS AND CONDITIONS

1. Lease: You ("Lessee") agree to lease from us ("Lessor"), pursuant to this Lease, the System (defined in this Lease as the equipment ("Equipment"), and software ("Software") listed above) and the right to receive consulting, maintenance and other related services (collectively, "Support"), and you agree that the System cost shall include any Equipment costs, Software costs, Support costs, Software license fees and taxes listed above and on any attached schedule. IF THIS LEASE HAS BEEN PROVIDED TO LESSEE ELECTRONICALLY AND LESSEE WISHES TO ENTER INTO THIS LEASE ELECTRONICALLY, LESSEE'S ELECTRONIC SIGNATURE WILL CONSTITUTE LESSEE'S ACKNOWLEDGEMENT AND AGREEMENT TO DO BUSINESS AND RECEIVE ALL RELATED RECORDS ELECTRONICALLY. You authorize us to adjust the Lease payments by up to 15% if the System's cost differs from the supplier's estimate. You are deemed to have unconditionally and irrevocably accepted the System on the earlier of (i) the date you sign the Acceptance below or (ii) if we in our sole discretion do not require that you sign the Acceptance, the date the System is delivered or otherwise provided to you, unless you notify us in writing of your non-acceptance within two (2) days of the date the System is delivered or otherwise provided to you (the "Commencement Date"). The Lease starts on the Commencement Date and the periodic Lease payments ("Payments") shall be payable in advance beginning on the Commencement Date or any later date designated by us and thereafter until all amounts are fully paid. If we designate the Lease Payments to begin later than the Commencement Date, you will pay an interim Lease payment for the System's use for the period from the Commencement Date until the first Lease Payment due date, based on the Lease Payment amount, the number of days in the period, and a year of 360 days. Your Lease payment obligations are absolute, unconditional, and are not subject to cancellation, reduction, setoff or counterclaim. You agree to pay us a fee of \$ 99.95 to reimburse our expenses for preparing financing statements, other documentation costs and all ongoing administration costs during the Lease term. Security deposits are non-interest-bearing, unless otherwise required by law, and may be applied to cure a Lease default. If you are not in default, we will return the deposit to you at Lease termination. You will pay us a late charge of 5% of the payment or \$ 10.00, whichever is greater, on any Lease payment not made when due. We may charge you a fee of \$ 25.00 for any check that is returned. YOU ACKNOWLEDGE THAT NO ONE IS AUTHORIZED TO WAIVE OR CHANGE ANY LEASE TERM, PROVISION OR CONDITION.

2. Ownership: Unless you have a \$1.00 purchase option, we will own the System. If you have a \$1.00 purchase option and/or the Lease is deemed to be a security agreement, you grant us a security interest in the System and all proceeds thereof. You authorize us to file financing statements.

3. System Use, Maintenance and Warranties: We are leasing the System to you "AS-IS" AND MAKE NO WARRANTIES, EXPRESS OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY, OR FITNESS FOR A PARTICULAR PURPOSE. We transfer to you any System manufacturer or provider warranties for the Lease term. You are required at your cost to keep the System in good working condition and to pay for all supplies and repairs. If the Lease payment includes the cost of Support provided by a third party, you agree that we are not responsible to provide the Support and you will make all Support claims to the third party. You agree that any Support or Software claims will not impact your obligation to pay all Lease payments when due.

4. Assignment: You agree not to transfer, sell, sublease, assign, pledge or encumber either the System or any Lease rights without our prior written consent. You agree that we may sell, assign, or transfer the Lease and the System, portion thereof or rights therein, and the transferee will have the transferred Lease, System or rights, as applicable, and will not have to perform any of our obligations and the rights of the transferee will not be subject to any claims, defenses, or setoffs that you may have against us or any supplier.

5. Risk of Loss and Insurance: You are responsible for all System risks of loss or damage and if any loss or damage occurs you are required to satisfy all of your Lease obligations. You will keep the System insured against all risks of loss or damage for an amount equal to its replacement cost. You will list us as the sole insurance loss payee and give us written proof of the insurance. If you do not provide such insurance, you agree that we have the right, but not the obligation, to obtain such insurance, and add an insurance fee to the amount due from you, on which we may make a profit. We are not responsible for any losses or injuries caused by the System and you will reimburse us and defend us against any such claims. This indemnity will continue after the Lease termination. You will obtain and maintain comprehensive public

liability insurance naming us as an additional insured with coverages and amounts acceptable to us.

6. Taxes: You agree to pay when due, either directly or as reimbursement to us, all taxes (i.e., sales, use and personal property taxes) not listed above as included within the System cost and repayable through Lease Payments and charges in connection with ownership and use of the System. We may charge you a processing fee for administering property tax filings. You will indemnify us on an after-tax basis against the loss, unavailability or recapture of any System ownership tax benefits anticipated by us at the Commencement Date arising out of your acts or omissions.

7. End of Lease: You will give us at least 60 days but not more than 120 days written notice (to our address below) before the expiration of the initial lease term (or any renewal term) of your intention to purchase or return the System. With proper notice you may: a) purchase the complete System as indicated above under "End of Lease Option" (fair market value purchase option amounts will be determined by us based on the System's in place value); or b) return the complete System in good working condition at your cost in a timely manner, and to a location we designate. If you fail to notify us, or if you do not (i) purchase or (ii) return the System as provided herein, this Lease will automatically renew at the same payment amount for consecutive 60-day periods. If any System Software license, Software or Support is in your name your ownership or rights thereto, as applicable, shall automatically, at our election and without further action, hereby vest in us, and, in connection therewith, you hereby relinquish any subsequent claims with respect thereto. If, in connection with our Software or Support rights, licensor's or provider's consent is required, you will assist us in obtaining such consent.

8. Default and Remedies: You are in default on this Lease if: a) you fail to pay a Lease payment or any other amount when due; or b) you breach any other obligation under this Lease or any other lease or financing with us. If you are in default on this Lease we may: (i) declare the entire balance of unpaid Lease payments for the full Lease term immediately due and payable to us; (ii) sue you for and receive the total amount due on the Lease plus, as applicable, the System's anticipated end of Lease fair market value (as determined by us) or fixed price purchase option (the "Residual") with future Lease payments and the Residual discounted to the date of default at the lesser of (A) a per annum interest rate equivalent to that of a U.S. Treasury constant maturity obligation (as reported by the U.S. Treasury Department) that would have a repayment term equal to the remaining Lease term, all as reasonably determined by us, or (B) 3% per annum, plus reasonable collection and legal costs; (iii) charge you interest on all monies due at the rate of 18% per year or the highest rate permitted by law from the date of default; (iv) require that you immediately return the System to us or we may peaceably repossess it if you fail to return it to us, and/or (v) cause any Software or Support provider to terminate, as applicable, all of your rights to use or have available, as applicable, any or all of any or all Software and/or Support, and you acknowledge that Cisco Systems, Inc, or any affiliate thereof (collectively, "Cisco"), as third party beneficiary of this Lease provision, may terminate your right to use any or all Cisco Software and/or Cisco Support under any Software or Support arrangement, without liability for any reason whatsoever. Any return or repossession will not be considered a termination or cancellation of the Lease. If the System is returned or repossessed we will sell, re-rent or otherwise dispose of the System at terms we determine, at one or more public or private sales, with or without notice to you, and apply the net proceeds (after deducting any related expenses) to your obligations. You remain liable for any deficiency with any excess being retained by us.

9. Miscellaneous: You agree the Lease is a Finance Lease as defined in Article 2A of the Uniform Commercial Code ("UCC"). You acknowledge we have given you the name of the System supplier; agree that you may have rights under the contract with the supplier and may contact the supplier for a description of these rights. **This Lease shall be governed and construed in accordance with the laws of state of New York, and, as applicable, the Electronic Signature in Global and National Commerce Act. You consent to jurisdiction, personal or otherwise, in any state or federal court in New York and waive a trial by jury.** You agree to waive any and all rights and remedies granted to you under Sections 2A-508 through 2A-522 of the UCC. You agree that the System will only be used for business purposes and not for personal, family or household use. You agree that a facsimile copy of the Lease with facsimile signatures, or an electronic version of this Lease with electronic signatures, may be treated as an original and will be admissible as evidence of the Lease. We may inspect the System during the Lease term.

INDEPENDENT EDUCATIONAL EVALUATIONS

Definitions and Procedures

“*Independent Educational Evaluation (IEE)*” means an evaluation conducted by a qualified examiner who is not employed by the District.

“*Public Expense*” means that the District either pays for the full cost of the evaluation or components or ensures that the evaluation or components are otherwise provided at no cost to the parent/guardian.

PARENT REQUESTS FOR AN IEE:

A parent may request an IEE at public expense if they disagree with an assessment conducted by the District. The primary purpose of an IEE is to be able to compare it to the disputed District assessment so that IEP decisions can be made based on a consideration of both assessments. Therefore, parent’s request for an IEE at public expense must be made within a reasonable time following the completion of the District’s assessment, generally within one year.

If a parent requests an IEE at public expense the District will, without unnecessary delay, either (1) initiate a due process hearing to establish that its assessment is appropriate, or (2) ensure that an IEE is provided at public expense.

If a parent makes a verbal request for an IEE during an IEP team meeting, the request will be included in the notes for the IEP team meeting. If a parent makes a verbal request for an IEE outside of an IEP team meeting, the appropriate staff person will inform the parent that the request should be in writing, and will offer assistance to write the request, if appropriate.

A parent may be requested to indicate the reasons for disagreement with the District assessment, however, the parent is not required to specify the areas of disagreement with the District’s assessment as a condition to obtaining an IEE at public expense, and the District may not delay a response to the parent’s request if no further information is provided.

The District does not have an obligation to reimburse a parent for IEEs initiated prior to the date that the District’s assessment is completed and discussed at an IEP team meeting.

A parent is only entitled to reimbursement for one IEE at public expense for each assessment completed by the District with which the parent disagrees.

When a parent requests that an IEE be conducted, the school shall notify the District’s Director of Special Education, or designee. The District may, in an attempt to resolve the parent’s disagreement with the District’s assessment, propose that additional assessment(s) be conducted by District or WOCCE staff, qualified assessors from other public agencies, or private sector providers at district expense.

If the District agrees to provide or fund an IEE, the parent will be notified in writing whom to contact at the District office and/or by what other means the parent may start the IEE process. The written notice will be accompanied by the WOCCE IEE Definitions and Procedures, IEE

Criteria, and Sources of Independent Evaluation by Area of Assessment. While the District will not limit the parent's time to obtain the IEE, parents are encouraged to obtain the IEE within a reasonable period of time, in order to allow for a meaningful review of the IEE by the IEP team after review of the District's assessment.

If a parent requests reimbursement or payment for an IEE which has already been completed, without previously making such a request, the District will either agree to fund the costs of the IEE, or file a request for due process hearing to defend its assessment without unnecessary delay. Under these circumstances, the IEE obtained by the parent still must comply with the WOCCE IEE criteria.

If the parent chooses to obtain an IEE at their own expense, the IEP team will still fully consider the IEE in making educational decisions for the student.

If the District initiates a due process hearing and the final decision is that the District's assessment is appropriate, the parent still has the right to obtain an IEE, but not at public expense.

PARENT SELECTION OF AN INDEPENDENT EVALUATOR:

The parent has the right to choose an independent evaluator from the WOCCE Sources of Independent Evaluation by Area of Assessment list. The District must allow parents the opportunity to select a qualified evaluator that meets the WOCCE IEE criteria for qualified evaluators, even if the evaluator is not on the list of potential evaluators established by WOCCE.

If the parent elects to obtain an IEE by an evaluator not on the WOCCE Sources of Independent Evaluation by Area of Assessment, and the District/WOCCE determines the evaluator does not meet the WOCCE IEE criteria for one or more areas assessed, the District may decline payment for all or part of the costs of the IEE, as appropriate, if there is no justification for selection of an evaluator that does not meet the WOCCE IEE criteria. In the event this occurs, the District will file a request for a due process hearing seeking a determination that the IEE does not comply with the WOCCE IEE criteria without unnecessary delay.

It is the parent's responsibility to inform the independent evaluator of the WOCCE IEE criteria and procedures and it is suggested that the parent provide the independent evaluator with a copy of these procedures.

IEE COMPONENTS:

All assessments must be conducted in accordance with all requirements of federal and state law, and consistent with the requirements of evaluations conducted by District staff as described in the California Education Code and Code of Federal Regulations. Consistent with these requirements, IEEs must comply with and/or address all of the following:

1. Be conducted in the primary language or mode of communication of the student unless it is clearly not feasible to do so;
2. Utilize tests and assessment instruments which are not racially, culturally or ethnically biased;

3. Rely upon test data that is valid and reliable, including that it is administered in conformance with the instructions provided by the test provider;
4. Conduct an observation of the student in an appropriate educational setting, and note the student's relevant behaviors in that setting; and,
5. Include a determination of whether the student may need special education and/or related services and the basis for making that determination.

IEP TEAM CONSIDERATION OF THE IEE:

IEEs are designed to assist in the determination of the educational needs of students with disabilities. The IEP team is ultimately responsible for determining placements and services. The results of the IEE(s) will be considered in making educational decisions as required by Title 34 of the Federal Code of Regulations and/or Section 504 of the Rehabilitation Act of 1973. However, IEEs will not control the IEP team's determinations regarding eligibility for special education, appropriate goals, and/or placement and services recommendations.

RELEASE OF INFORMATION AND RESULTS:

As part of the evaluation, independent evaluators must agree to release their assessment information and results, including copies of any and all test protocols utilized in the assessment process as well as written report(s) of results, directly to the District prior to the receipt of payment (or reimbursement to parent) for their assessment.

COST LIMITATIONS:

The cost of the IEE shall be comparable to those costs that the District incurs when it uses its own employees or contractors to perform similar assessments. The cost of the IEE must also be reasonable and consistent with the costs being charged by comparably qualified evaluators in the areas being assessed. The costs charged to the District may also not exceed the fees the evaluator requires of other agencies or parents for such an assessment, when the components of the evaluation are comparable.

Costs may include observation, record review, administration and scoring of tests, report writing and attendance in person or by phone at an IEP team meeting for the purpose of reviewing the IEE report.

GEOGRAPHIC LIMITATIONS:

Independent evaluators must be located in Orange County, or within thirty (30) miles of the District. Travel expenses, whether by parent or the assessor, for any greater distance, shall not be at the cost of the District, unless the parent can demonstrate why it is not feasible to use a qualified evaluator within these geographic boundaries.

PAYMENT FOR COMPLETED IEE:

Upon completion of the IEE, it is the parent's responsibility to provide the District with the IEE report, test protocols, invoice of costs incurred for services provided, and proof of payment (if applicable). Once the completed IEE and required documentation has been provided to the District, it is the responsibility of the District's Director of Special Education or designee to determine whether the completed IEE meets the WOCCE IEE criteria. Payment may be limited for any test administration or other portion of the assessment conducted beyond the assessor's area(s) of expertise.

If the parent elected an evaluator with whom the District has a contractual relationship, as confirmed by the District/WOCCE, then payment shall be made directly to the independent evaluator. If the parent elected an evaluator who does not have a contract with the District, then reimbursement for the costs of the IEE shall be made to the parent in a timely manner.

Reimbursement will be in accordance with the District's policies and procedures and in the amount no greater than the actual cost to the parents.

SPECIAL CONSIDERATIONS:

Consideration shall be given to unique circumstances when necessary to assist a parent in obtaining an IEE at public expense. Any such request shall be made to the District's Director of Special Education, or designee.
