## **PURPOSE OF THE COMMITTEE**

The voters of the Fountain Valley School District approved a \$63 million bond measure with 63.2% YES vote on November 8, 2016. The proceeds of the bonds are intended to be used to repair and modernize aging classrooms and school facilities, including repairing deteriorating roofs, plumbing, electrical and air conditioning systems; upgrade classrooms, science labs, libraries, facilities and technology that support student achievement in reading, math, arts, science, and technology; and improve student safety and campus security.

As set forth in Prop 39, the purpose of the Measure O Citizens' Bond Oversight Committee ("CBOC") is to review and report on the proper expenditure of taxpayers' money for school construction on the Measure O bond projects.

## **COMMITTEE'S ACTIVITIES**

For Fiscal Year 2019/2020, the CBOC conducted quarterly meetings which included review of facilities projects and project expenditures. Some of these meetings were held at District school sites to familiarize the CBOC with Measure O project construction progress:

August 19, 2019, Masuda Middle School  
December 9, 2019, Tamura Elementary School  
March 2, 2020, Cox Elementary School

In accordance with the provisions of the Ralph M. Brown Public Act, the committee conducts meetings for the public's attendance and participation. Meeting agendas and notices are sent to committee members and posted within the required period of time. Notices are posted at the Fountain Valley School District's Office and the District's website. Meeting notices, agenda, minutes, and all other documents received by the committee are a matter of public record and are available on the Fountain Valley School District's website.

District Staff presented financial reports, communications, project, and program updates at each meeting of the CBOC. Handouts were distributed at the meetings and subsequently posted to the District's Measure O CBOC web page.

## **AUDIT FINDINGS**

In addition, on March 2, 2020, the CBOC received the annual Financial and Performance Audit reports for the 2018/2019 Fiscal Year. There were no findings reported for the Measure O financial statements. It was also concluded that the District properly accounted for the expenditures in the building fund and expenditures were made for authorized Bond projects.

## **MEASURE O PROJECT UPDATE**

As was shared in a previous annual report, the first phase of the Measure O project, Courreges Elementary School and Masuda Middle School was completed in the summer of 2019.

The second phase of construction included Cox Elementary, Tamura Elementary and Fulton Middle School. Plans were approved for these schools in the winter of 2018/2019 and work began in summer of 2019.

**Cox Elementary School:** The installation of HVAC and modernization work are complete and all teachers have moved back into their classrooms. Final work will be complete by the end of summer.

**Tamura Elementary School:** Modernization, roofing and HVA installation is complete at Cox Elementary as well. Final work on the main parking lot was completed in August 2020.

**Fulton Middle School:** The HVAC installation, roof replacement, and classroom upgrades are complete and the last group of teachers have moved back into their rooms. Work on the portables will be completed at the end of the summer 2020.

Phase 3 schools, Gisler Elementary and Talbert Middle School began construction in June of 2020. Work is progressing well and is expected to be completed in the summer of 2021.

Work on Phase 4 schools, Newland Elementary School and Oka Elementary School is scheduled to begin in the summer of 2021. Plans for Newland have been approved by DSA, while the plans for Oka plans have been submitted and are awaiting approval.

#### **COMMITTEE'S CONCLUSION**

The Measure O Citizens' Bond Oversight Committee is pleased to inform the public, and the Fountain Valley School District Board of Trustees, that, as in the previous two years, the District continues to be in compliance with Article XIII A, section 1(b)(3) of the California Constitution. The current projects are authorized under Measure O and bond proceeds have been expended in accordance with the ballot measure. OPEN SESSION

## STAFF REPORTS AND PRESENTATIONS

Superintendent, Mark Johnson, Ed.D., and Assistant Superintendent, Educational Services, Steve McLaughlin, Ed.D., presented for the Board of Trustees, lead discussion and provided updates regarding reopening schools. Dr. Johnson began by reviewing the recent events regarding guidance for reopening schools including the Governor's July 17<sup>th</sup> press conference and CA's Pandemic Plan for Schools presented at this press conference. He shared current Orange County rates regarding positive cases and hospitalizations. He also shared the work of the Reopening Schools Advisory and the reopening schools plan approved by the Board of Trustees at the August 6<sup>th</sup> meeting. Following this, he shared additional information shared on August 3<sup>rd</sup> from the Governor's office. At the August 17<sup>th</sup> press conference it was shared that the data is now accurate with 42 of 58 counties on the watch list. Following this, he reviewed the instructional models shared in the Reopening Plan and approved by the Board. He noted that regarding hybrid models, AM/PM model will be all virtual on Mondays if the hybrid model is selected. Following this, Dr. McLaughlin reviewed the full virtual/remote model for middle school students. In addition, he reviewed the full virtual schedule for elementary students, TK-5<sup>th</sup>. Dr. McLaughlin reviewed the middle school hybrid option, rotating days; as well as the elementary hybrid option, AM/PM, noting the proposed update for all students to be all remote on Mondays. In addition, Dr. Johnson shared that the District will be sharing whether or not the school year will start in person for

those that have elected this model. In addition, he noted that once in person instruction starts, it will be in the hybrid model. Moreover, of the two hybrid options presented for elementary students, he noted senior staff's recommendation for the Board that elementary students return in an AM/PM hybrid model for TK-5<sup>th</sup> grade students (4 days a week/one day virtual). Following discussion, the Board reached consensus that when it is safe to return to in-person instruction, those that selected the in-person instructional model will return in a hybrid setting. For elementary students, this will be an AM/PM hybrid and for middle school students this will be a rotating days schedule.

SUBJECT: **Resolution 2021-06: GANN Amendment Appropriations Limitation**  
DATE: August 26, 2020

---

**Background:**

Per Education Code Sections 1629 and 42132, each year governing boards shall adopt a resolution identifying their estimated appropriations limits for the current year and their actual appropriations limit for the prior year. The District did not exceed its appropriation limit of \$37.41 million for 2019-20. The estimated appropriation limit for 2020-21 is \$38.81 million. The calculation of the appropriation limit is available for public review in the Business Services Office.

**Recommendation:**

It is recommended that the Governing Board adopt **RESOLUTION 2021-06**, identifying the 2019-20 actual appropriation limit and the 2020-21 estimated appropriation limit.

SUBJECT: **Unaudited Actuals for Fiscal Year Ending 2019-20**  
DATE: August 26, 2020

---

**Background:**

At unaudited actuals, the District compares actual results for the fiscal year ending June 30, 2020 to the estimated actuals presented at budget adoption. The total general fund ending balance is \$21.3 million, of which \$11.2 million is restricted and/or assigned.

The District has met all of the requirements outlined in AB1200 and all of the District's funds reflect a positive ending balance.

The 2020-21 adopted budget has been adjusted to reflect changes in revenue assumptions outlined in the 45-Day Budget Revision as well as expenditure of all COVID-19 relief funds. Beginning Fund Balances have also been adjusted to reflect revisions to the 2019-20 ending fund balance. Additional increases/decreases in revenue and expenditures affecting the budget are addressed throughout the year, with the next major revision to be detailed in the first interim report in December 2020.

**Recommendation:**

It is recommended that the Board of Trustees approves the unaudited actuals for fiscal year 2019-20 and the adjusted 2020-21 budget.
