MEETING PROCEDURES

MEETING LOCATION:

Fountain Valley School District
Board Room
10055 Slater Avenue
Fountain Valley, CA 92708

PUBLIC PARTICIPATION AND PUBLIC COMMENT PROCEDURES:

The district board room will be open to the public. In-person public comment will be allowed as required by law.

Public Comment Notice: Any written or electronic communication provided by the public to the Board of Education may be considered a public record and subject to production under the Public Records Act. The produced record may include all names and detailed information contained in the communication.

MISSION STATEMENT:

Our mission is to promote a foundation for academic excellence, mastery of basic skills, responsible citizenship, and a desire by students to achieve their highest potential through a partnership with home and community.

CONDUCT:

The Board president shall not permit any disturbance or willful interruption of Board meetings. Persistent disruption by an individual or group shall be grounds for the chair to terminate the privilege of addressing the Board. The Board may remove disruptive individuals and order the room cleared if necessary; in this case, members of the media not participating in the disturbance shall be allowed to remain, and individual(s) not participating in such disturbances may be allowed to remain at the discretion of the Board. When the room is ordered cleared due to a disturbance, further Board proceedings shall concern only matters appearing on the agenda. (Government Code 54957.9)

DISABILITY INFORMATION:

In compliance with the Americans with Disabilities Act, for those requiring special assistance to access the Board meeting, to access written documents being discussed at the Board meeting, or to otherwise participate at Board meetings, please contact the Public Information Officer/Executive Assistant to the Superintendent, Joy Moyers, at 714-843-3255.

D. STAFF REPORTS

Subject : 1. Board Workshop: Local Control Accountability Plan
Meeting : Apr 6, 2023 - Regular Meeting
Category : D. STAFF REPORTS
Type : Information

Public Content

Background:

Each year, California school districts are required to update the Local Control Accountability Plan (LCAP). The LCAP is a tool for local educational agencies (LEAs) to set goals, plan actions, and leverage resources to meet goals established to improve student outcomes. Assistant Superintendent of Educational Services, Dr. Jerry Gargus, and Director of Educational Services, Dr. Kiva Spiratos, will review with the Board of Trustees the process used to update the District's Local Control Accountability Plan, as well as share a summary of input gathered from educational partners as a part of that process. The 2022-23 EL Annual Update is included as part of this presentation, as it directly addresses an element of Goal #2 of the 2022-23 Local Control Accountability Plan.

Subject :	5. Perimeter Fencing Layer of Safety in FVSD
Meeting :	Apr 6, 2023 - Regular Meeting
Category :	H. LEGISLATIVE ITEMS
Type :	Action
Fiscal Impact :	Yes
Budgeted :	Yes
Budget Source :	Fund 40 - Special Reserve for Capital Facilities
Recommended Action :	It is recommended to approve the installation of perimeter fencing as a layer of safety at all FVSD campuses.

Public Content

Background:

According to the California Department of Education, Comprehensive School Safety includes strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on the school campus and aspects of social, emotional, and physical safety for both youth and adults.

The Fountain Valley School District continues to make the safety of students, staff, and families a priority:

District Goal #5 - Provide safe, modernized, and productive learning environments.

- 5.2 - Implement the Next Five: safety, playgrounds, fields/sprinklers, asphalt/concrete, and Bard units.
- 5.3 - Continue to implement safe school priorities (e.g., visitor sign-in system, classroom resources, mental health, and staff training), and re-engage the Safe Schools Task Force.

In summer of 2022, FVSD met with the FVPD/HBPD to discuss our partnership and combined efforts around emergency plans, student support programs, staff training, emergency supplies, and other proactive layers of safety. Public safety representation on the Safe Schools Task Force has been consistent.

The Safe Schools Task Force has met several times this year. While not a decision-making body, the roughly 35 members representing FVSD certificated and classified associations, FVPD and HBPD, FVSD administrators, business owners, parents, and community members, listened to updates, shared perspectives and resources, and some served as liaisons to FVSD School Site Safety Teams. Their agendas and discussion notes, and presentations were shared by the Superintendent in FVSD communication to the school community.

In addition to our comprehensive safety and emergency plans, support programs, staff training, emergency supplies, community partnerships, and other proactive layers of safety, FVSD has been considering the installation of perimeter fencing.

The community has engaged in the conversations around perimeter fencing for many years. The Orange County Grand Jury of Safer Schools continues to inquire about our progress on the decision to install secure fencing on all school campuses. FVSD leadership and Trustees continue to receive and read letters and listen to public comments from staff, families, and community members both in favor of and in opposition to perimeter fencing at FVSD schools.

Over the past month, FVSD hosted Community Information Sessions on Comprehensive School Safety. At each meeting, attendees had the opportunity to share questions, concerns, and comments, which were compiled into a document shared with Trustees, FVSD families, and community members. One of the topics that continued to arise is public access to school grounds after school hours. It is the intent of the Board to continue providing community access for sports and recreation after school hours.

According to Hanover Research's findings on School Fencing, there are several benefits to schools having proper fencing. Proper fencing can funnel visitors into desired, controlled entrances. This increases the general security of the school because it forces visitors into an area where they will be met immediately by school faculty. This ensures that the school can control access to school grounds. Fences can also protect students, specifically young children, from accidents. They can stop a child from walking out into traffic or potentially stop a car from hitting children on the school grounds.

Crime Prevention Through Environmental Design (CPTED) has principles/key components related to secure entrances:

Natural Surveillance: People are less likely to commit crimes if they feel they are being observed. Natural surveillance involves the designing of features to maximize the visibility of areas that should be observed.

Access Control: Limiting and regulating entrances reduces opportunities for crime and allows for more efficient screening of persons entering a facility.

Territoriality: The clear delineation of space creates a sense of ownership for legitimate users (staff and students) and creates an environment where intruders are more likely to stand out.

The School Board will discuss and vote on this layer of safety in the open session of the regular meeting.

Recommended Action :	It is recommended that the Board of Trustees approves the California Healthy Kids Survey MOU between FSVSD and WestEd.

Public Content

Background:

As part of our Tobacco Use Prevention Grant, Fountain Valley School District is required to participate in the California Healthy Kids Survey during this school year 2022-2023. This comprehensive survey is sponsored by the California Department of Education.

The California Healthy Kids Survey is an anonymous, confidential survey of youth resiliency, protective factors and risk behaviors. It is administered to students at grades five and seven. It enables school and communities to collect and analyze data regarding local youth health risk and behaviors, school connectedness, protective factors, and school violence. The CHKS is part of a comprehensive data-driven decision making process on improving school climate and student learning environments for overall school improvements. The CHKS is a research-based core module that provides valid indicators to promote student engagement and achievement, safety, positive development, health and overall well being for the students.

WestEd will be proctoring the California Healthy Kids Survey to students of the Fountain Valley School District.

Fiscal Impact:

There is no fiscal impact. Tobacco-Use Prevention Education (TUPE) funds the cost of administration and data collection.
