STUDY SESSION

Mrs. Allcorn opened the study session for board discussion of establishing protocols as it creates a procedural guide on standard operating procedures in the Fountain Valley School District. This is a board interest for the current year and is intended to serve as a guide for new trustees over the years. The guide is also intended to be a living document that will continually be updated as policies and procedures change. CSBA offered 33 issues that governing boards may wish to consider to determine if a protocol should be created or if the issue is already addressed in a current Board Bylaw.
